

THE INTERNATIONAL 3D SUMMIT

8TH
Edition

13-15 DECEMBER 2016
LIÈGE - BELGIUM

3D Stereo MEDIA is recognized as one of the few places in the world where 3D experts can meet, exchange ideas, conceive projects, and conclude deals.

NEW THIS YEAR

3D Film Booster • 3D Master Classes

Now in this eighth edition, 3D Stereo MEDIA continues its tradition of answering the needs of 3D professionals and enthusiasts worldwide.

3D MEDIA STEREO

3D STEREO MEDIA CONSISTS IN:

SCIENTIFIC CONFERENCE • 13-14 DEC

Features peer-reviewed presentations on near to very long term research in all aspects of 3D; is technically co-sponsored by IEEE Signal Processing Society.

3D FILM BOOSTER • 13-15 DEC

Coaches holders of 3D content projects to improve them, prepare convincing presentations, & pitch them to co-producers and financiers.

NEW

3D ACADEMY • 13-14 DEC

Provides small-group, hands-on training in production of 3D VR and 3D cinematic VR contents, native and/or GCI.

3D MASTER CLASSES 13-14 DEC

Brings 3D experts to present and discuss selected hot 3D topics in small group settings allowing for plenty of interaction.

NEW

INTERNATIONAL 3D FESTIVAL • 13-15 DEC

Screens movies selected by the juries of the competitions for the **Lumiere Awards** & **3D Guild Awards** given out during Awards evening.

PROFESSIONAL CONFERENCE • 15 DEC

Offers a series of short, high-pace presentations by world experts on a variety of hot or emerging topics in 3D science, technology, art, and business.

SOCIAL EVENTS • 13- 15 DEC

Count among others: **Networking evening (13 dec)**, **Awards evening (15 dec)** with **Lumiere Awards** (Advanced Imaging Soc.) & **3D Guild Awards**.
